Parts Delivery

A History of Innovative Trucking Solutions

The Gabrielli family has dedicated themselves to providing their customers with superior service and value since their first shop opened in 1966. Today, Armando Gabrielli, the dealership's President, and his brother, Amedeo, Vice President, have expanded Gabrielli Truck Sales Ltd. to over 20 sales and service locations.

One Stop for All Your Truck Needs

The award-winning Gabrielli Truck Sales and Service team makes your job in the trucking industry easier with one-stop shopping for all your truck needs. Our experienced sales force works with you to ensure your new, used, or leased truck is properly spec'ed to suit your application and they'll offer you the best value for your trade. You'll find acres of new-and used-truck inventory in the metropolitan area. Our on-site inventory includes a large selection of units with installed bodies, so your truck can hit the job site running and start earning its keep.

Support and Service That Never Stop

The Gabrielli brothers started as service dealers, so they know that a truck that's down isn't making you money. The confidence we have in our people and products allow us to offer a wide range of customer support services that add value to your purchase. From contract maintenance, to extended-warranty coverage, we work to keep your business running smoothly. Service departments at all our locations are staffed with certified factory-trained technicians for all major powertrain component manufacturers including: Detroit Diesel®, Caterpillar®, Eaton®, Meritor™, Cummins®, and Mack®. All the service bays are equipped with the special tools and the latest diagnostic equipment, so your truck is fixed right the first time. It's been said that the sales department gets the first sale but it's service that sells the next one. At Gabrielli, our service department sells trucks every day.

Parts That Keep You Up and Running

Just as critical as having the right tools and technicians, is having the parts available to get your truck back on the job faster. Over \$15 million in inventory from all major manufacturers are stocked throughout our locations. And if you can't pick up, we guarantee next day delivery anywhere in the metropolitan area and same-day delivery service in each of our store's area of responsibility. In addition to stocking all genuine OEM parts for all major truck and powertrain manufacturers, we stock Mack® remanufactured engines, transmissions, and carriers. The bottom line is that Gabrielli Truck Sales Ltd. offers its customers the best parts selection, availability, and the most competitive pricing in the Tri-State area.

Your Success Is Our Success

Gabrielli Truck Sales Ltd. knows that a truck purchase is just the beginning of an important business relationship. The Gabrielli mission statement – *to grow our business by helping our customers grow theirs* – is a commitment to customer satisfaction that has allowed us to flourish in the New York metropolitan area. More than just lip service, it's a commitment from over 600 employees dedicated to serving our customers in the Tri-State area. So whatever your business is, we will help you move it forward – one truck at a time.

Commercial Truck Parts

Commercial Truck Parts NY, NJ, and CT

Commercial trucks are more than just vehicles, they're livelihoods. That's why it's so important to stay on top of your model's maintenance and care. However, without access to the correct parts and products, caring for a commercial vehicle is nearly impossible. Thankfully, here at Gabrielli Truck Sales, we offer a massive selection of commercial truck components for you to take advantage of. To browse our expansive collection of parts for sale, feel free to stop at any one of our convenient locations in the states of New York, New Jersey, or Connecticut.

Get Access to Commercial Truck Parts

While commercial truck parts are incredibly important for a model's maintenance, they're actually very hard to come by. In fact, you'll likely have a difficult time finding compatible components at a majority of mechanic shops and automotive stores, and those that are present are often of lower quality. Thankfully you can shop a massive array of high-quality commercial truck parts here at Gabrielli Truck Sales.

Get Original Equipment Manufacturer (OEM) Parts

While all commercial trucks have the same basic components, different manufacturers often design these parts in different ways. To ensure your truck exhibits top performance, it's recommended that you stick with OEM components because of their quality and guaranteed compatibility with your truck's specific make and model.

Shop Our Parts

Whether you're looking for top-of-the-line parts for your commercial truck, or need a quality maintenance service from an experienced professional, you'll want to be sure to visit us here at Gabrielli Truck Sales. Thankfully, we offer over 20 different locations across the states of New York, New Jersey, and Connecticut, so there's sure to be a dealership just nearby!

However, if you have questions about our products, or want to speak to a professional feel free to call us at **888.887.8557**.
